### Student Playground Helpers (SWPBS Initiative)

We are making excellent progress achieving our SWPBS goals.

Students are working closely with teachers in:

- Creating an environment where there is respectful relationships and language;
- Providing a learning environment with minimal disruptions;
- Developing positive resolutions to problems in the playground.

This term, there has been a significant amount of discussion and work completed around these areas of focus. Developing our students' capacity to help teachers in the playground was an idea that emerged from discussions with students, teachers and parents.

Today, our Grade 6 Student Leaders developed guidelines for this initiative. Next week our Student Leaders will begin training with teachers in how to best help during breaks. They are to be applauded for their ownership and sense of community in taking on this new initiative.

### Reconciliation Week

Next week we join Australians across the country to celebrate Aboriginal and Torres Strait Islander cultures and histories. It is in this learning that we will deepen our understanding of our indigenous cultures and grow as a nation.

At 11.30am on the Friday, Corinna Eccles will come in to perform a "Welcome to Country" ceremony for the whole school. This will be a part of a day of activities exploring Aboriginal and Torres Strait Islander culture.

The following week, Indigenous Artist, Nathan Patterson will be working with small groups of students in Art to produce a 'recognition of land' painting to go above the prep rooms.

ENJOY!

## P-TECH Program (Pathways in Technology)

*Onwards and upwards for students in the P-TECH Program...*

The P-TECH Program is a collaboration between Newcomb Secondary College and nine key industry partners in Geelong.

It's an innovative approach to learning where students are studying VCE or VCAL, whilst at the same time studying a Certificate III in ICT, Business/ Finance or Health/Science at the Gordon and also included is the unique opportunity to attend regular industry mentoring sessions at one of our partner organisations.

*Congratulations to Jack Terrill who is studying a Certificate III in Business/ Finance.*

Jack is our first P-TECH student to be offered a school based apprenticeship opportunity by Bendigo Bank where he is currently attending his mentoring sessions.

*Newcomb Secondary College - leading the way in the P-TECH Program!*

## Extend OSHC at Moolap Primary School What's on next week?

Welcome back, we've had another great week at Extend! This week was full of ocean and animal themed activities!

Monday, we made ocean slime. Students had the option to put glitter in it to make it sparkle!

Tuesday, we used paper plates to make paper plate aquariums.

Wednesday, we made oceans in a bottle using water, oil and little sea creatures.

Thursday, we made homemade aqua sand, this is sand that goes into the water and comes out dry.

Finally, Friday we made animal shaped sandwiches using cookie cutters to make the different shapes.

*Jessica Hamilton, Team Leader*

## Extend Superstar is:

**Emma C** - always caring about others and for being responsible at afterschool care.
